

Your environment

ITEC

The Information Technology department (ITEC) of GBIS is composed of talented professionals who every day translate ideas into action by combining the strength of our expertise in IT with a deep understanding of investment banking. Every day our teams are ensuring that we deliver the service our businesses need to compete and serve Société Générale's clients. Our objective is to deliver great production services in a well controlled and cost effective way, and to deliver competitive application systems that allow GBIS to grow its business in existing and new markets, launch new products and take advantage of new opportunities when they arise.

CLIENT & TRADING TECHNOLOGY DIVISION

Client & Trading Technology provides IT solutions dedicated to Front Office activities of the Capital Markets (MARK) division. Client & Trading Technology focuses especially on electronic markets, real-time trading, risk management solutions and sales applications for the MARK division.

Your role

As a VIE, you will participate and become part of a team working alongside Trading and the Quant team to understand the business, gather requirements, and build robust tactical solutions that fit into the team's development strategy.

The solutions will be used predominantly by Traders.

The successful candidate will be expected to build strong working relationships with fellow team members, both locally and globally, as well as with clients at all levels.

Day to day responsibilities include but not limited to:

- Address any need of the trading desk which involves rapid intervention with strong IT capabilities & business knowledge.
- Development in C#/Excel/VBA/SQL of pricing tools
- Contribute in team core framework

The VIE assignment in a nutshell

This VIE in New York is to begin as soon as possible but you need to plan 3 months between your application date and the beginning of your VIE assignment. It will last 12 to 18 months (depending on your previous experiences).

The VIE is a specific contract, under Ubifrance's eligibility criteria, opened to candidates under 28 and from the member states of the European Economic Space. For further information, please see www.civivie.com.
