

How could you keep your career off the rocks?

- Through identifying extraordinary solutions for global risks
- When you learn to avoid traps by understanding the whole picture
- By collaborating with geographers, sea captains and engineers

JUNIOR CASUALTY TREATY UNDERWRITER ^{(M/F) *}

FOR THE DIVISION EUROPE/LATIN AMERICA – FRANCE, BELGIUM, LUXEMBURG

We are seeking a qualified person to work for two years in our Munich office for the underwriting of our contractual casualty reinsurance business as well as for the development of innovative casualty products (including cyber) in the very technically demanding markets of France, Belgium and Luxemburg for the business region Europe/Latin America.

YOUR JOB

- Technical risk analysis of contractual reinsurance offers, including premium calculation and checking of reinsurance conditions according to underwriting guidelines, internal requirements and authorities
- Further development and conception of innovative solutions in collaboration with experts in Munich and Paris, in particular on cyber-risks
- Support the client management with building and maintaining client relationships and with the negotiations with cedants and brokers
- Perform portfolio analyses, including the development of line-of-business and product strategies
- Careful maintenance of pricing and SAP FS-RI systems
- Participation in planning and internal reporting
- Assuming special tasks for example participating in departmental and cross- departmental projects for business generation and underwriting quality

YOUR PROFILE

- Excellent university degree, preferably with mathematical or technical orientation or similar qualification
- Ideally have re-insurance technical and industry-specific expertise and knowledge in relevant casualty pricing methods and tools
- Enjoy working on current issues, in particular on cyber topics
- Ready to work on a regular basis in our Paris office in close collaboration with service providers and support of the local senior underwriter
- Very good analytical and communication skills, excellent numeracy skills
- Good team worker, creative and service oriented
- Strong commitment
- Very good command of written and spoken French and business English

Munich Re is one of the world's leading reinsurance companies with more than 11,000 employees at over 50 locations around the globe. We are working on topics today that will concern the whole of society tomorrow, whether that be climate change, major construction projects, gene technology or space travel. We find solutions to these challenges through a network of highly qualified professionals who anticipate risks, work on tailor-made solutions and expertly advise our clients. If you want to help shape the future as part of one of our teams, we look forward to hearing from you. Please click on the link to apply online.
